**2ND TRANSNATIONAL  
MEETING**

23 -24 May 2019  
Vilnius, Lithuania

## Second Transnational Meeting

---

23 – 24 May 2019

Vilnius, Lithuania

---

On May 2019, ACCESS partners met in Vilnius, Lithuania to present the results of the activities that were developed and to carry out the following steps in this project.

May 23th, 2019

- Sharing of research results:
  - Presentations and sharing of quantitative and qualitative results addressed to teachers and students at risk of ESL;
- Presentation of the first intellectual output.

May 23th, 2019

- Sketching the second intellectual output;
- Meeting and discussion with local stakeholders.

## Presentations and sharing of Quantitative and Qualitative Results

---

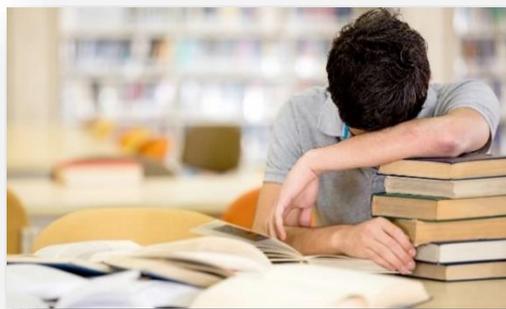

Valahia University of Targoviste, Ilmiolavoro SRL and Modern Didactics Center presented the results of the quantitative research addressed to teacher and students at risk of ESL and also the qualitative research addressed to students with risk of ESL.

[Why do students drop out of the school?](#)

[Why do students do not attend or avoid attending a school?](#)

Data analysis revealed:

- 1- Family related factors (support, authority, model examples)
- 2- School related factors (supportive schoolmates, caring teachers, engaging tasks)
- 3- Person related factors (self-motivation, self-concentration)
- 4- Outside environment factors (friends, model examples and future life perspectives)

## Laboratory for the development of Typological Model of student at risk of ESL (IO1)

---

Based on the results we obtained previously, the objective was to draw a model of the typical student with risk of ESL, so that these students can be immediately and in advance, identified and referenced.

## Laboratory for concept co-design of Early Warning and Intervention System (IO2)

The next step in this project will be to create an Early Intervention System for the students at risk of ESL so that it is possible to reserve the situation, solve the problem and reduce all the impacts thought Training Programmers for Mentors who have to manage the system.

## Workshop with local Stakeholders

---

Project partners met with local stakeholders, explained the project, its objectives, the results achieved so far and what the next steps are.
